Filed: June 17, 1999)
For: Indirect X-ray Image Detector for Radiology)

DECISION ON PETITION TO
RESET PERIOD FOR REPLY

This is a decision on the petition filed on July 23, 2002, requesting that the Office action mailed on March 26, 2002, be remailed and the period for reply be reset.

The petition is **granted**.

Petitioner has provided a statement that the Office action mailed on March 26, 2002, has not been received by the practitioner. Petitioner requests that the Office action be remailed and the period for reply be restarted along with the remailing of the Office action.

A review of the application file indicates that the March 26, 2002, Office action was not mailed to the correspondence address provided in the Declaration and Power of Attorney filed on June 17, 1999. In view of the mailing of the Office action to an incomplete address, and the resulting failure of the applicant to receive the mailed action, the petition to reset the period for reply is hereby granted.

The application file is being forwarded to technical support staff for Technology Center 2800 for remailing of the Office action of March 26, 2002 to the proper correspondence address. The period for reply will be restarted along with the remailing of the Office action.
